CEILING FAN SPECIFICATIONS	44-47		

Lamps are not included with product unless otherwise noted. We recommend using Westinghouse lamps in all of our ceiling fans and light fixtures. Westinghouse Lighting reserves the right to make changes and/or improvements (both visually and technically) to the products in this catalog without notice. As a result, some products and/or product information may change.

Visit our website for the latest specifications.

A LEADER IN LIGHTING SINCE 1946

It all started in 1946 with two brothers and a small corner store in South Philadelphia. From this humble beginning, Angelo Brothers evolved into Westinghouse Lighting and the industry leader that we are today.

For over 75 years, our customers have always been our top priority. While our company has grown in both size and scope, we have remained committed to our core values of customer service, quality products, and sustainability.

Our Founders: Romolo & Stanley Angelo

We are proud to be one of the few privately held, multi-generational family businesses in the lighting manufacturing industry. Our team combines generations of experience with exceptional industry knowledge. As the only global lighting company to carry a complete line of lighting fixtures, ceiling fans, lamps, and lighting accessories, we are well-positioned to suit the ever-evolving needs of our residential and commercial customers alike.

Angelo Brothers rebrands as Westinghouse Lighting and begins marketing lighting fixtures, ceiling fans, lamps (light bulbs), and lighting accessories globally.

The company celebrates its 50th anniversary and creates the Angelo Brothers Founders' Scholarship Foundation to celebrate this milestone.

Romolo and Stanley Angelo take a leap of faith and open a small storefront in South Philadelphia.

Decorative light bulbs are added with the launch of the ABCO line.

Angelo Brothers secures an exclusive license to market light bulbs under the Westinghouse brand.

Angelo Brothers evolves into a mail-order lamp parts catalog business, supplying lighting showrooms and lamp repair shops.

Lighting fixtures are added to the product line.

Ceiling fans are added to the product line with the acquisition of Encon, a leader in the industry. As a result, the company gains facilities in Europe and Asia.

European Operations relocates to Monchengladbach, Germany.

Westinghouse Lighting celebrates its 75th anniversary and continues to expand its product line and develop strong relationships with a diverse customer base in the electrical distribution, e-tail, hardware & home center, and lighting showroom channels.

WHAT SETS US APART

DEDICATION TO CUSTOMER SERVICE

Our team strives to deliver the best customer experience every time. Our ability to consistently provide quality products, timely shipments, and friendly service has earned us a reputation of trust with new and long-standing customers alike.

QUALITY PRODUCTS & COMPETITIVE PRICING

We believe well-made products should also be accessible. Our strong supplier relationships allow us to provide our customers with competitive pricing on our vast assortment of high-quality lighting solutions. We offer a wide selection of indoor & outdoor lighting fixtures, ceiling fans, lamps, and lighting accessories at various price points, to ensure we have the perfect product for any need.

OUR TEAM

Our knowledgeable, experienced, and tight-knit team has been the cornerstone in our continued success and growth throughout the years. Our team is always available to offer support and guidance for all your lighting needs.

INDUSTRY KNOWLEDGE

Our dedicated team is passionate about lighting and keeping up with the latest trends, styles, and products for both residential and commercial markets.

INDOOR HANGING LIGHT FIXTURES

When it comes to appealing pendants, Westinghouse offers endless possibilities to highlight one's décor with personalized flair.

HUGGER*

This ceiling fan is designed to be mounted flush against the ceiling. It cannot be installed with an extension down rod or remote control.

DOWN ROD ONLY**

This ceiling fan must be installed with the included down rod during installation. It can also be installed with an extension down rod.

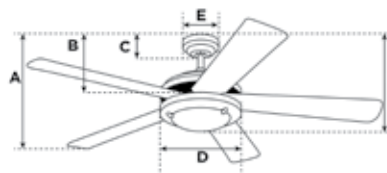

DUAL MOUNT SYSTEM***

The ceiling fan can be installed with or without the included down rod. In rooms with low ceilings, installing the fan without the down rod will increase the distance between the floor and the fan blades. It can also be installed with an extension down rod in rooms with high ceilings.

HUGGER*

This ceiling fan is designed to be mounted flush against the ceiling. It cannot be installed with an extension down rod or remote control.

DOWN ROD ONLY**

This ceiling fan must be installed with the included down rod during installation. It can also be installed with an extension down rod.

DUAL MOUNT SYSTEM***

The ceiling fan can be installed with or without the included down rod. In rooms with low ceilings, installing the fan without the down rod will increase the distance between the floor and the fan blades. It can also be installed with an extension down rod in rooms with high ceilings.

PORTABLE/DESKTOP FANS

Built to meet the highest standards, Westinghouse portable fans set new benchmarks for quality, performance and design.

New!

73037 Cormac
Desktop Fan White and Black Finish
Plastic Housing, Grill and Stand
ABS Blades
Oscillation Angle left/right 80° and up/down 80°
Basket/Blade Diameter: 19/25
Cord Length: 200 cm
Height: 33 cm
Width: 30 cm
Infrared Remote control
3 Speeds

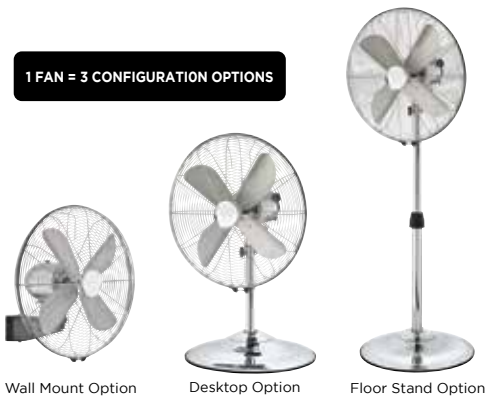

72715 Yucon I
Pedestal Fan Black/Silver Finish
Metal Housing, Grill and Stand
ABS Blades
Oscillation Angle up to 80° (On/Off)
Basket/Blade Diameter: 55/50
Cord Length: 200 cm
Maximum Height: 135 cm
Width: 57 cm
Manual Control
3 Speeds

72723 Highland I
Tower Fan Black Finish
Plastic Housing, Grill and Stand
ABS Blades
Oscillation Angle up to 90° (On/Off)
Cord Length: 200 cm
Maximum Height: 122 cm
Width: 31,5 cm
Infrared Remote control
3 Speeds

1 FAN = 3 CONFIGURATION OPTIONS

72421 Silver Stream
3-in-1 Portable Fan Chrome Finish
Metal Housing, Grill and Stand
Steel Blades
Oscillation Angle less than 90° (On/Off)
Basket/Blade Diameter: 45/40
Cord Length: 200 cm
Height: 115 cm
Width: 45 cm
Manual Control
3 Speeds

White	78876	78877

To best cool a room, ceiling fan blades should be at least 2,13 meters from the floor but no higher than 2,50 - 2,80 meters. For ceilings 2,7 meters and higher, an extension down rod is recommended so the ceiling fan is at the correct height for optimum performance.
